ALTERNATIVE REALIZATIONS

The following is a more traditional alternative to the cross-string ornaments and l.v effects used in measures 71-78.

(71) *sf* *dim.* *mf* VII⁶

(78) *sf* *dim e molto ritard* IV⁴

Many guitar arrangements introduce triplets at measure 17, though Albéniz's original keeps the same rhythm throughout (as does the version presented above). Those who may wish to use triplet figuration may use the following models to do so:

for mm. 17-24

p *i* *m*

pp

for mm. 25-48 (returning to normal notes in m. 49)

p *i* *m*

f *f* *sempre*

The option also remains to remove the octaves of the original between mm. 17-24, with or without triplet figuration, as follows:

(17) *p* *i m*

Musical notation for exercise (17) on a treble clef staff with a key signature of one sharp (F#). The melody consists of eighth notes, starting with a quarter rest, followed by eighth notes with slurs and accents. The bass line consists of a single half note (F#) followed by a whole note (F#). The exercise is marked with a piano (*p*) dynamic and includes the letters *i m* above the first two notes.

or simply:

(71)

Musical notation for exercise (71) on a treble clef staff with a key signature of one sharp (F#). The melody consists of eighth notes, starting with a quarter rest, followed by eighth notes with slurs and accents. The bass line consists of a single half note (F#) followed by a whole note (F#). The exercise is marked with a piano (*p*) dynamic and includes the letters *i m* above the first two notes.
